

# GOSPEL Country Music Ministry BILLY W. CHERNOFF

Country Music's popularity is a global phenomenon. Billy's wonderful gift of singing & songwriting is a blessing to believers & a bridge to the unsaved. As a chart topping recording artist for RCA, Billy found the bright lights & fast-lane living to be an empty existence. Surrendering his life & music to Christ launched his talents in a fresh direction for the glory of the King.

With his acoustic guitar & gentle easy way, Billy's songs touch people for eternity. Biblically based, Scripturally sound, & delivered with a light country feel that's winsome & appealing, even to unchurched folks. His musical ministry is welcomed in churches worldwide.

Flexible & professional, Billy's able to work within any framework that suits the Pastor or church. Sensitive to each congregation's & community's particular spiritual needs, Billy's ministry harmonizes with various forms of outreach or special church programs. Always for Christ.

From special music during a Sunday Service, to unique Gospel Country Music evening programs as community outreach, call or write Billy anytime to see how your ministry can be blessed by Billy's internationally acclaimed music.
